

**PROBE**  
**SPECIALISTS, INC.**  
[www.probespecialists.com](http://www.probespecialists.com)

Probe Specialists is the leader in third party sales and support of Electroglas® Wafer Probers. We offer a comprehensive selection of 2000, 3000, and 4000 series probers. With a customer base from small test houses to Fortune 500 companies, Probe Specialists can fulfill all of your requirements for Electroglas equipment and support. When your OEM manufacturer can no longer support your needs, Probe Specialists will be there for you.

## PARTS

Other than the OEM, Probe Specialists offers the most complete inventory available. Low lead times and competitive pricing make Probe Specialists your number one choice for Electroglas® parts.

## SERVICE AND REPAIR

Whether it is simple preventive maintenance or a comprehensive field service contract, our expertly trained technicians will be there for you in a timely and responsive manner.

Probe Specialists offers the fastest and most cost effective board repair in the industry. With quick turns and competitive pricing, why send your boards anywhere else.

The Perisight™ Accuracy Enhancement System allows you to upgrade your existing prober fleet to 5-8 micron accuracy. Available on both 6" and 8" systems.
